

December 10, 2019 - License management with Autodesk software allows you to change the serial number, but not the product key. This will return an error if there is no number. If the serial number and product key match, you can install and reinstall the software without using Autodesk software, as described below. Step 1 Connect the installation CD or DVD from the software distribution to your computer. Step 2 Insert the CD or DVD to install to CD or DVD. Step 3 Run the installation. To do this, follow the instructions on the screen. Step 4 Wait for the installation to finish. Step 5
